

# DPG monitoring unit

hand held unit

Monitoring unit with camera system for checking the print quality of the DPG labels of the Deutsche Pfandsystem GmbH (DPG) one-way deposit system.

The monitoring unit is intended for the initial distributor and the incoming goods.

The HHU is specially adjusted for the marking form and the admissible colors. In this way you get a quick check option concerning readability of the DPG labels before the disposable containers are delivered into the retail market.

The unit will be delivered only to DPG contract partners.

- handy-sized unit for checking the printing quality of DPG security signets
